A NOTE ON PLACEMENT:

Although every effort is made to place students in schools to which they would be best suited, please note that there are no urban, co-educational British boarding schools in London which offer places to ESU students. Most of the British schools participating in the Exchange are single sex and are in the suburbs or the countryside. Please understand that it is not possible to meet everyone's preferences. Although most SSE students join the Upper 6 Group, some schools require the SSE student to follow the Lower Six AS program of subjects (equivalent of Junior in high school). Although there will be many British day students, the majority of UK schools' boarders are international and for whom English will be a second language. **You are obligated to accept the place offered to you whether or not it meets all your preferences.** Willingness and ability to adjust to a different environment and to advocate on your own behalf when necessary are some of the life skills learned from the SSE Scholarship.

PERSONAL ESSAY:

(Please attach a 1 to 2 page TYPED original essay which conveys something about your interests, philosophy or experiences. Feel free to submit an appropriate essay that you have used as part of the college application process). An additional writing sample will be administered at the time of your interview.

FINANCIAL OBLIGATIONS: Please read carefully.

By checking each box and signing at the bottom, I affirm my understanding and acceptance of the following financial obligations to participate in the program:

- A non-refundable program fee of \$2,000.00 is due to the ESU upon confirmed placement at a UK School.
- The UK student visa is an expensive and lengthy process. The student visa requirements and fees are subject to change by the UK Consulate. It is approximately \$700 fee for the visa application (including UK \$150 for required IHS fee) + \$300 for **mandatory** submission via an ESU-approved expeditor company.
- The SSE Scholarship provides students with tuition, room and board. However, the additional cost of transatlantic travel, incidental expenses, uniforms if required and maintenance during vacations is not included. The total of these potential costs is estimated to be \$11,000 and must be paid by the student's family.
- All bills of a personal nature incurred during the year will be paid in full before the end of the academic year.
- Some British schools require a deposit at the beginning of the year of up to £1000 and others require a deposit, payable at the beginning of each term, to cover the cost of books, equipment or personal expenses which the student may incur.
- I would like to be considered for the Turn to the Future ESU SSE Travel Grant. This Need Based Grant provides \$6000 to be used towards travel expenses not included in the ESU SSE Scholarship such as UK student visa, transatlantic travel, etc.

CONDITIONS OF AWARD:

By checking each box and signing at the bottom, I affirm that the following statements are true and correct. In the event that I am awarded a grant:

- I WILL DEFINITELY ACCEPT.
- I will provide a letter of deferral from the American College/University to which I have been admitted.
- I will abide by the rules and regulations of the host school, undertake a full academic program including taking two A-level examinations, and remain for the full academic year which begins in August/September and ends in July.**
- I will keep the ESU London informed of my whereabouts and prepare any required reports on my experiences.
- I understand that in case I fail to maintain a satisfactory record, or my conduct is considered prejudicial to the best interests of the Exchange, my scholarship will be withdrawn.
- I will return to the U.S. immediately in the event of my withdrawal from my British school whether this is voluntary or involuntary.
- I will return to the U.S. to attend college or university after my year in the U.K.
- I will not use illegal or harmful drugs while participating in the Exchange.

A non-refundable program fee of \$2,000.00 is due to the ESU upon confirmed placement at a UK School.

The UK student visa is a lengthy and expensive process. The student visa requirements and fees are subject to change by the UK Consulate. It is approximately \$700 fee for the visa application (including UK \$150 for required IHS fee) + \$300 for mandatory submission via an ESU-approved expeditor company.

I agree that, if for any reason, my child is asked to leave his or her British school before the end of the school year, I will arrange for his/her immediate return to the U.S.

- I agree to assume full responsibility for any debts my child may incur while in the United Kingdom under the English-Speaking Union Secondary School Exchange.
